We have lots of talent and interesting experiences among members of our group. As a way to get to know each other better (since many of our members cannot attend meetings regularly) and as a way to share information/experience, we have developed a "Member Spotlight". We will periodically feature a member on our website, and if there is enough interest we will publish a membership directory. If you would like to be included in our member spotlight, please fill out the information below and return it to CAA. Please print LEGIBLY so your information appears accurately. Thanks!
